# MOHIT MANOJ PAWAR
B.Tech. - Computer Science & Engineering - MITAOE
Ph: +91-8080511206
Email: mohitpawar@mitaoe.ac.in
Pune, Maharashtra, India - 412105

EDUCATION

Savitribai Phule Pune University   2023
B.Tech. - Computer Science & Engineering - MITAOE | CGPA: **7.97 / 10.00**

New(Main) High School, Amravati   2019
12th | MSBSHSE | Percentage: **60.77 / 100.00**

Takhatmal English High School, Amravati   2017
10th | MSBSHSE | Percentage: **76.00 / 100.00**

INTERNSHIPS

Aicte-Eduskills   20 Jul, 2022 - 27 Sep, 2022
Intern

Key Skills: Cyber Security   Network Security   Cloud Security   Security Operations Center(SOC)

During the internship, I understood the different layers involved in cybersecurity. Worked on four different modules provided by Palo Alto, which helped me to improve my knowledge in Network Security, Cloud Security and Security Operations Center(SOC).

PROJECTS

Hospital Management System

Key Skills: Web Development   DBMS   JQuery

The Hospital Functionalities of a multi-specialist hospital are developed. Booking Appointments, Patient's Medical History and Procured Medicine, Doctor's details and qualification, Availability, Bill Payment, etc. are involved

Key Based Artificial Fingerprint Generation

Key Skills: Python   Linux   AES   Cryptography

Minor Project - AES Algorithm is used as a cryptographic algorithm for Encryption and Decryption of fingerprints

Hospital Network Configuration

Key Skills: Computer Networking   Cicso Packet Tracer

Computer Networks project, Simulation of different network parameters inside a Hospital. Deep co-related simulation of different servers and network security aspects. SMTP, HTTP, DNS, FTP, TFTP, Telnet, SSH, etc. are included.

Encrypted Email Service

Key Skills: Python   Cryptography   AES

Cryptography and Network Security Project, The project was build to send and receive Encrypted Emails for secret and Confidential communication

Exploiting Android Using MetaSploit

Key Skills: Kali Linux   Metasploit

Cyber Forensic and Security project, A payload(apk) was created which was capable of accessing call logs, media, messages and camera of the target once successfully installed into a targets Android device

Decentralized E-Voting System using Blockchain

Key Skills: Blockchain   Ethereum   Solidity   Smart Contract   Web Development   Web3   MetaMask   Nodejs   MySQL

Final Year Project - A DApp with E-Voting capabilities was developed. Solidity is used to write smart contracts, MetaMask is Used as wallet for making transactions, HTML, CSS, Javascript, Nodejs is used for web development and mysql as database

ASSESSMENTS / CERTIFICATIONS

AWS Certified Cloud Practitioner   23 Dec, 2025

Key Skills: AWS

Cybersecurity Foundation - Palo Alto

Key Skills: Network Security   Cloud Security   Cyber Security

Red Hat - RH124

Key Skills: RH124   RHEL   Redhat   Redhat Linux

Certificate of Attendance by MIT Academy of Engineering

Red Hat - RH134

Key Skills: RH134   RHEL   Redhat   Redhat Linux

Certificate of Attendance by MIT Academy of Engineering

Google Cloud - Certification of Completion

Key Skills: Jupyter Notebook   Cloud Computing   Data Science   Machine Learning   Google Cloud   Google Cloud Platform

Successfully Completed the 30 Days Google Cloud Program 2021
